

## **Holmdel Township Police Department**

4 Crawfords Corner Road, PO Box 410  
Holmdel, NJ 07733

---

**John Mioduszewski**  
**Chief of Police**

Dear Resident:

The Township of Holmdel has adopted an ordinance regulating alarm systems within the Township. All existing and new systems must comply with the ordinance.

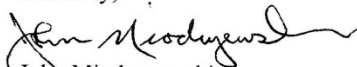

Enclosed is a copy of the alarm ordinance and Alarm System Permit Application form. Please complete the form and return it to the police department as soon as possible to apply for an alarm permit.

If we find that your alarm system complies with the requirements of the ordinance, a permit will be issued to you that will allow continued operation. The Holmdel Police Department will advise you of items that need to be changed or adjusted in order to comply with the alarm ordinance. Non-conforming alarm systems will be ordered removed.

Owners of telephone dialing devices are especially cautioned that the alarm ordinance absolutely prohibits dialers coded to dial the police switchboard number (946-4400). A special confidential telephone number will be provided to residents who have this type of alarm system. If you presently have such a device, carefully read Sections 8(a) of the ordinance.

It is the continuing desire of the Holmdel Police Department to provide the best possible protection to everyone in our community. We believe the police headquarters alarm console and enactment of the ordinance to regulate alarm systems are steps in the right direction.

Sincerely,

  
John Mioduszewski  
Chief of Police
